- **Topic 6:** Strategy Presentation and Peer Feedback Session
- **Reflection & Review:** Final Review, Commitments, and Action Planning

FAQ:

What specific qualifications or prerequisites are needed for participants before enrolling in the course?

Participants should be in mid- to senior-level roles within healthcare organisations. A background in management, clinical leadership, or strategic planning is recommended.

How long is each day's session, and is there a total number of hours required for the entire course?

Each session runs approximately 4–5 hours daily. The total instruction time is 20–25 hours over five days.

How does the Balanced Scorecard improve hospital performance?

By structuring performance metrics across financial, clinical, internal process, and learning domains, the BSC ensures a balanced and aligned hospital strategy. It links long-term vision to short-term actions while enabling data-driven performance reviews.

How This Course is Different from Other Strategic Planning Courses:

This strategy course, is editorially focused for the healthcare sector, distinguishing it from traditional business strategy programs. It utilises key tools from Kaplan & Norton's Balanced Scorecard, Porter's Value-Based Health Care principles, and Hitt's strategic management frameworks. Highlighting:

- Health-specific KPI development with Bergeron templates
- Customised strategy maps customised for hospitals
- Real-life International case studies from Mark Britnell
- Focus on execution and governance challenges in healthcare

Participants will gain not only from the gainable knowledge and practical artefacts, with implementation roadmaps ready for immediate use in hospital settings.
